## CIEH – LEVEL 3 HEALTH & SAFETY

Chartered  
Institute of  
Environmental  
Health

Accidents and illnesses can result in permanent disability or death, as well as short term incapacity for work. The supervisor is in an ideal and very responsible position where employees can be influenced, monitored and trained, and managers can be informed, persuaded, encouraged or pressured into providing for better health and safety standards

A supervisor has a legal and moral responsibility to look after the health and safety of employees, but needs to have the knowledge and skill to be able to do this effectively.

This course provides an opportunity to look more deeply into general health and safety from a supervisory perspective and successful candidates will be able to help their organisation whatever the size or activity in improving the health and safety culture

### Course Outline

This course is designed for supervisors, owners, team leaders or managers who are responsible for health and safety

- Concept of health and safety
- Accidents in the workplace
- Ill health in the workplace
- Legal provisions
- Health and safety organisation and management
- Supervising health and safety

#### Confirmation

A copy of the CIEH book - Supervising Health and Safety at work - is provided on the course.

The programme is followed by a examination paper (multiple choice) All successful candidates will receive a CIEH Certificate.

#### Duration 3 day

Courses are usually conducted over a block three days or one day per week.

Alternative arrangements may be made for block bookings
