Site Safety Plus- SMSTS

The Construction skills **Site Management Safety Training Scheme (SMSTS)** training course is one of the most highly regarded courses within the construction industry available for site managers and supervisors.

The SMSTS qualification is listed in the Approved Code of Practice for the construction (Design and Management) (CDM) Regulations as a demonstration of competence in the role of site manager.

This industry recognised training course is ideal for companies that need to meet the ever increasing demand for evidence of health and safety compliance.

The course lasts five days and is designed to assist site managers to develop a better understanding of the legal, moral and social responsibilities of their role and to manage health and safety on site in accordance with current legal provisions.

Course Outline

- Site set up
- Risk Assessment
- Scaffolding
- Excavations
- Confined Spaces
- CDM
- Method statements
- Electricity
- Demolition

Duration 2 days

All course attendees the need to attend ALL sessions since without full attendance the CITB will not award the Site Management Safety Certificate.

Price includes detailed course publications GE 700 and other booklets worth £80 and certification and registration fees.

Courses are normally arranged on a 1 day per week covering a five week period. Alternative arrangements may be made for block bookings
